## Hands-on Education Sessions for Roofing Contractors, Field Crews and Estimators

### Creating the Most Powerful Bond Possible

UltraPly™ TPO SA with **Secure Bond** Technology is a self-adhering membrane with a revolutionary factory applied pressure sensitive adhesive. Designed to be the next generation in fully adhered roof system application, Firestone's Secure Bond Technology ensures uniform adhesion coverage across the entire membrane, creating the most powerful bond possible.

- Faster installation, down to 20°F, no pails or rollers to dispose of
- Meets or exceeds all ASTM requirements
- UL and FM tested and approved
- Covered by Firestone's Red Shield™ Warranty

### GenFlex EZ TPO Installation Methods

- Learn general EZ TPO practices for Standard, SA, and Fleece Back membranes.
- Demo One Step Insulation Adhesive
- Learn about EX TPO accessories
- Review EZ TPO warranties
- Review GenFlex Buildup Rewards Program
- Demo Metal Era Eliminator Edge System
