AGENDA

8:00 - 8:30 am Check-in
(Continental Breakfast)

8:30 am - 12:00 pm Presentation
(Lunch following)

Best-in-Class waterproofing paired with the most comprehensive amenity space solution in the market.

This one-day interactive training class is intended for Architects and Landscape Architects that design rooftop amenity spaces. Learn about the waterproofing solutions from Gaco and amenity space solutions with SkyScape from Firestone Building Products to create a single-source assembly that supports your vision for the space.

Combining LM60 and SkyScape achieves:

- Unsurpassed 40-year waterproofing duty
- Solvent-free, 100% solids, asphalt-free, two-part urethane rubber for a seamless membrane
- Safer application and less environmentally toxic than hot-rubberized asphalt
- NSF/ANSI 61 Certified
- Most comprehensive offering of vegetative roof components, pavers, and pedestals
- All covered under a single-source warranty
