

## SAVE THE DATE!

### Differentiate Yourself with Our Waterproof Coatings.

Let us show you how to increase profits with polyurethane waterproof coatings that can be applied over most existing materials and surfaces by roller, squeegee or sprayer. No hot kettles of asphalt and no fumes. Most importantly, no seams! As an added bonus, one of our solvent-free polyurethanes, LM60, carries the NSF International approval for potable water; water runoff from the roof is safe for people, pets, wildlife and plants.

Gain an advantage over your competition and increase your bottom line!

### GacoFlex Deck Coatings Pre-Licensing Event

#### Event Description

This interactive event is intended for experienced waterproofing applicators who are interested in learning more about Gaco's polyurethane waterproof products.

- Learn the advantages of GacoPedestrianDeck, GacoAutoDeck, GacoQRSDeck, GacoFlex U91, and GacoFlex LM60. The best waterproofing products in the industry.
- Gain hands-on training and tips for proper application to help ensure customer satisfaction.

This event will provide the participant a basic understanding of Gaco's application guidelines with both presentation and hands on demonstration.

Upon completion of the program, participants will receive a GacoU Certificate of Attendance.
